How Do I Earn Growth Points?

When you make use of our services or purchase any of our online training programs, you will receive **30%** of the value of your purchase in Growth Points (GP).

What Are GP's?

Growth Points are rewarded for making use of the Business Coaching Hub's products or services and each growth point has a value of **50c** when redeemed against future purchases.

For example: If your purchase is valued at R500.00, you will receive 150 Growth Points that have a redeemable value of R75.00 against future purchases.

How Do I Redeem My GP's?

When you are ready to make a purchase and redeem your current GP balance, send an email to carlos@businesscoachinghub.com indicating the service/product you want to purchase and state that you want to use your GP's as well as how many GP's you want to redeem.

You will then receive an invoice for the item you have chosen with the value of the number of GP's you redeemed deducted from the purchase price. You then send the **proof of purchase** to carlos@businesscoachinghub.com and you will then receive an email with the link to get access to the product you purchased.
